

## Our History

The Cantalician Center was founded in 1955. As the agency expanded its services, programs, and workforce it continued to meet the needs of individuals with disabilities. Today, the Cantalician Center educates and serves more than 500 children and adults annually from across the Western New York community.

## Additional Community Services Programs

**Supported Employment** – Provides individuals with support and services to assist them in obtaining a job in the community.

**Day Habilitation** – Provides individuals with the opportunity to utilize and enhance their skills through a variety of activities designed to assist them in being participating members of the community.

**Prevocational Services** – Provides individuals with the opportunity to acquire work related skills and assists them in becoming productive members of their community.

**Medicaid Service Coordination** – Provides individuals with assistance in gaining access to necessary services and supports that meet their wants and needs.

# CONTRACT SERVICES

*Exceptional People. No Exceptions.*

## Sales and Production

Cantalician Center Contract Services provide individuals with disabilities the opportunity to become productive and contributing members of their community.

A highly qualified team of professionals has more than 35 years of experience in the packaging industry. Staff are keenly aware of our customers' needs to receive the highest quality of work in a time efficient and cost-effective manner.

The Cantalician Center can provide many solutions to control a company's costs such as:

- Supplemental workforce to assist during spikes or seasonal increased work orders. There is no need to hire temps and deal with the hassle of training. Individuals are fully trained in a variety of packaging techniques so a job can begin quickly and effectively.
- Fixed unit costs for any packaging requirement, so a company knows exactly what costs are before starting the job.

The Cantalician Center provides many contract services to local area businesses. From packaging and light assembly in the North Buffalo facility, to cleaning and production personnel in the outside community, the organization can provide the necessary labor for a multitude of tasks.

At the 8,000 square-foot North Buffalo location, the Cantalician Center can provide:

- Kit assembly
- Blister packing
- Clam shell packing
- Display assembly
- Shrink wrapping
- Hot melt gluing
- Parts assembly
- Collating
- Bagging
- Hand labeling
- Shipping and handling

At a company's location, Cantalician can provide:

- Cleaning personnel
- Production staff
- General labor
- Supplemental work force

*"Throughout my 22 years with Thermal Foams, Inc., I've had the pleasure of working with the team at Cantalician Center, and their fast response and quick turnaround has proved invaluable. Their cost effective solutions have allowed us to keep our business growing even in this slow economic cycle, and their attention to detail allows us to better serve our customers while freeing up our production resources. I look forward to a long term relationship with the Cantalician Center organization."*

### **Lisa Todaro**

Production Supervisor, Thermal Foams, Inc.

---

*"LEKI USA has been using the services of the Cantalician Center of Buffalo for more than five years. They have always done a great job with whatever project we have sent them, and we are totally confident with their timely delivery of the finished product. They took on a 7,000-piece gift set project that included folding the outer box and placing several parts inside. When we changed our trekking pole packaging, they stepped up without hesitation, trained people to do every part, and have made the project a big success. We rely on them for making our product look as good as it can and thank them for their years of work in the past and look forward to many more years of service."*
