

Family Centered Evaluations

Birth – Age 5

Goals

The ongoing goal at the Cantalician Center is to provide comprehensive and family-centered evaluations of children who are suspected of having learning difficulties, speech and language delays, sensory motor disorders, behavior problems or motor delays.

Types of Evaluations

- Multidisciplinary initial evaluation for school district Committee on Preschool Special Education (CPSE)
- Core evaluation for Early Intervention
- Supplemental (when child is observed to have an additional area of need)
- Autism Spectrum Disorder evaluations for Preschool

The Cantalician Center is available to help families make referrals to their county's Early Intervention Program or to the school district's Committee on Preschool Special Education. **Call today at 716.835.0417.**

Multi-disciplinary Evaluation Team

Providing state-required components of a preschool evaluation including:

- Speech/Language Pathologist
- Occupational Therapist
- Physical Therapist
- Special Education Teacher
- Psychologist

Programs are funded by New York State through the Department of Education and ACCES-VR, Department of Health's Intervention Program, the Office for People with Developmental Disabilities, Erie and Niagara County and through the generous support of private donors and foundations.
